It would be fantastic if you could go along to support our teams; the entry fee is £3 per adult and £2 per child.

We wish them the best of luck and will include full match reports in next weeks newsletter.

Shropshire's parents being given chance to complete online 'understanding your child' course for free

The course has been developed by the Solihull Approach team; health professionals working together with parents and practitioners to support a child's emotional development, behaviour, and relationship with their parents.

Now Shropshire Council is offering all parents of children aged between 6 months and 18 years in the county the chance to participate in the course by providing them a free online access code.

The course is 11 modules long and each module takes about 20 minutes. There are interactive activities, quizzes, video clips and practical handouts.

The modules cover: how your child develops; understanding how your child is feeling; tuning into what your child needs; responding to how your child is feeling; different styles of parenting; having fun together; the rhythm of interaction; Why is sleep important; Self-regulation and anger; communication and tuning in, and looking back and looking forwards.
